

The CBORD Group Partners with the Equitrac Corporation

Thursday, July 6, 2006

Ithaca, New York: The CBORD Group, Inc., the world's largest supplier of cashless dining and campus-wide ID card programs, today announced that it has partnered with Equitrac Corporation, the leader in intelligent cost recovery and print management solutions worldwide, to provide an Odyssey™ account interface for network printing via Equitrac Express™ 4.

The partnership gives colleges and universities centralized management of network printing and copying and allows students, faculty, and staff to use campus cards to pay for services.

“Equitrac is very pleased to integrate the popular CBORD® Odyssey campus-wide accounting system with the waste-reduction and cost-containment benefits of our Equitrac Express 4 solution,” said Chris Wyszowski, VP Product Marketing & Management at Equitrac. “This powerful partnership allows simple access to output devices while simultaneously providing cost controls and multiple charging options.”

Mark Reinart, Director of Business Development at CBORD, is enthusiastic about the partnership. He added, “The Equitrac solution with the interface to the CBORD Odyssey system is another example of how CBORD’s partnership program combines popular solutions to give users more features and options.”

About The CBORD Group

The CBORD Group serves healthcare facilities, colleges and universities, corporations, chain restaurants, supermarkets, and a host of other market segments. CBORD’s products are used in foodservice, catering, nutrition services, campus ID card privilege control, access control and electronic security, housing services, cashless dining, online ordering, and other institution-wide activities. CBORD products and services are used by more than 5,000 organizations in the US, Canada, Europe, South Africa, New Zealand, and Australia.

The CBORD Group was founded in 1975. Today it employs more than 450

professionals. To learn more about CBORD, visit us at www.cbord.com.
